Notes for International Graduate Students: International graduate students should speak with their advisor prior to dropping or adding a course. International students must be enrolled full-time (6 hours) of face-to-face "lecture" classes unless there is a graduate assistant waiver. Graduate assistants are allowed to take 3 credits online with 3 credits face-to-face to make up the 6 credits required to be full-time. The exception to this rule being if the international student is in their last semester or are taking classes in the summer. Students may be fully online in the summer semester. Additional online courses can be taken beyond the 6 hours.
