or follow the QR code below.

Select the appointment type labeled
"Mock Interview Coaching Session".

Select a date and time.

Fill in all needed information.

Select the green "request" button at the
bottom of the information page.

Check your Handshake account often
for appointment updates.

What's a Mock Interview?

A Mock Interview offers you the opportunity to practice a real life interview, while also getting feedback on where you shine and where you could do better.

This experience will make interviews for part time, seasonal, full time, and even dream positions seem much less daunting and intimidating.

Mock Interviews do two main things for you:

**Boost your confidence
&
Make sure you're prepared**

You'll want to treat your mock interview like it's the real thing so you can get honest feedback.

Tips for your Mock Interview:

- Come professionally dressed.**
- Arrive 5-10 minutes early.**
- Leave your phone on silent and out of sight in a pocket, backpack, or your car.**
- Make good eye contact with the interviewer and speak clearly.**
- Come with real life examples of what makes you a star candidate, and be sure to have questions for them as well!**
