INSTRUCTIONAL TECHNOLOGIES

I completed *FDI 1000: Building Online Courses in BB Ultra* as a member of Cohort 3 in Fall of 2021.

In the Summer of 2010, I participated in “Faculty Development Institute Online Training” to attain certification in providing online course work. My certification in Online teaching has been continuously renewed since then.

Since my initial certification, I have developed an online or hybrid versions of ECED 6240, ECED 6370, ECED 6380, ECED 6410, ECED 6310, ECED 6360, ECED 7902, and ECED 7600.

ACCREDITATION ACTIVITIES**CACREP**

Beginning early in my employment in 2008, I worked with counseling faculty and administration on the CACREP self-study. I was in charge of the documentation of committee activities related to this effort. Counseling faculty were each assigned sections to complete and also reviewed each other’s sections of the self-study. The self-study was submitted in the Summer of 2009 and the subsequent CACREP site team visit was successful. Notification of CACREP accreditation for 8 years was received in July of 2010.

Since March 19, 2010, I have served as a certified CACREP Team reviewer.

I have served as the AUM CACREP liaison since 2011 and continue to monitor our compliance, completing our annual reports to CACREP each Spring since then.

As the CACREP Liaison, I wrote and submitted an upgrade self-study of our 48-hour Community Counseling tract to a 60-hour Clinical Mental Health Counseling tract which was approved in 2015. In the Spring of 2015, I submitted our first mid-cycle report to CACREP.

In July of 2017, I wrote and submitted our self-study for CACREP re-accreditation under the new 2016 standards. In March of 2018 the addendum to this study was submitted per CACREP request. After the site visit in October 2018 the program was approved for an 8-year accreditation with no negative findings.

In the Fall of 2022, I conducted the CACREP Mid-Cycle review and submitted it. I also completed the Digital Delivery report and successfully submitted it.
