Title of minor:
Mathematics Minor

Department:
Mathematics Department

Total semester hours required:
19
General description:
A mathematics minor complements majors from business and education to sciences by integrating students' knowledge and the analytic thinking skills learned through the study of abstract mathematical systems. The minor can be helpful to students in pre-professional programs such as the health sciences.

## Courses Required:

$$
\begin{aligned}
& \text { 1. MATH } 2630 \text { - Multivariable Calculus }-4 \text { s.h. credit } \\
& \text { 2. MATH } 2660 \text { - Linear Algebra }-3 \text { s.h. credit } \\
& \text { 3. MATH } 3000 \text { - Introduction to Higher Mathematics }-3 \text { s.h. credit } \\
& \text { 4. MATH } 3690 \text { Ordinary Differential Equations }-3 \text { s.h. credit } \\
& \text { 5. Select two of the following: } \\
& \text { MATH } 4110 \text { History of Mathematics }-3 \text { s.h. credit } \\
& \text { MATH } 4200 \text { Discrete Mathematics }-3 \text { s.h. credit } \\
& \text { MATH } 4210 \text { Analysis I }-3 \text { s.h. credit } \\
& \text { MATH } 4220 \text { Analysis II }-3 \text { s.h. credit } \\
& \text { MATH } 4230 \text { Complex Analysis }-3 \text { s.h. credit } \\
& \text { MATH } 4300 \text { Number Theory - } 3 \text { s.h. credit } \\
& \text { MATH } 4310 \text { Modern Algebra I - } 3 \text { s.h. credit } \\
& \text { MATH } 4320 \text { Modern Algebra II }-3 \text { s.h. credit } \\
& \text { MATH } 4400 \text { Math Models and Simulation }-3 \text { s.h. credit } \\
& \text { MATH } 4470 \text { Foundations of Plane Geometry }-3 \text { s.h. credit } \\
& \text { MATH } 4500 \text { Topology - } 3 \text { s.h. credit } \\
& \text { MATH } 4600 \text { Numerical Analysis I }-3 \text { s.h. credit } \\
& \text { MATH } 4610 \text { Numerical Analysis II }-3 \text { s.h. credit } \\
& \text { MATH } 4670 \text { Mathematical Statistics I- } 3 \text { s.h. credit } \\
& \text { MATH } 4680 \text { Mathematical Statistics II- } 3 \text { s.h. credit } \\
& \text { MATH } 4690 \text { Math Methods Engineer/Physics }-3 \text { s.h. credit } \\
& \text { MATH } 4970 \text { Special Topics in Mathematics }-3 \text { s.h. credit }
\end{aligned}
$$

Additional requirements for the minor:
N/A
Learning outcomes and methods for evaluating the extent to which students achieve these outcomes:
Learning outcome: Students are able to formulate problems and apply critical thinking, problem solving skills, and technology to find solutions.

Method: Student survey upon completion of the program.
