List of Programs

List each program for an initial teaching credential below and indicate whether it is offered at the Undergraduate level (UG), Postgraduate level (PG), or both. (§205(a)(C))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

• Teacher Preparation Program

THIS PAGE INCLUDES:

>> List of Programs

List of Programs

Note: This section is preloaded with the list of programs reported in the prior year's IPRC.

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.121	Early Childhood Education	UG	
13.1202	Elementary Education	UG	
13.1	Special Education	UG	
13.1305	Teacher Education - English/Language Arts	UG	
13.1316	Teacher Education - General Science	UG	
13.1311	Teacher Education - Mathematics	UG	
13.1314	Teacher Education - Physical Education and Coaching	UG	
13.1317	Teacher Education - Social Sciences	UG	

Total number of teacher preparation programs:

10

Program Requirements

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. (§205(a)(1)(C)(i))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Full-time equivalent faculty supervising clinical experience
- Adjunct faculty supervising clinical experience
- Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience
- Supervised clinical experience

THIS PAGE INCLUDES:

- >> <u>Undergraduate Requirements</u>
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

Undergraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

- 1. Are there initial teacher certification programs at the undergraduate level?
 - Yes
 - No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or <u>clear responses already entered</u>) then click save at the bottom of the page.

Number of cooperating teachers/K-12 staff supervising clinical	182

Please provide any additional information about or descriptions of the supervised clinical experiences:

experience during this academic year

academic year

Number of students in supervised clinical experience during this

The number of students in supervised clinical field experiences includes students in internships, practicum courses, and courses in their teaching field. At least three courses are required (in most cases many more) with significant clinical supervised field experience. The number of hours required prior to internship varies by program but the average is approximately 180.

273

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Enrolled Student
- Program Completer

THIS PAGE INCLUDES:

>> Enrollment and Program Completers

Enrollment	and	Program	Comp	leters
-------------------	-----	----------------	------	--------

2021-22 Total		
Total Number of Individuals Enrolled	90	
Subset of Program Completers	44	

Gender	Total Enrolled	Subset of Program Completers
Male	19	8
Female	71	36
Non-Binary/Other	0	0
No Gender Reported	0	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	1	0
American Indian or Alaska Native Asian	0	0
Asian	0	0
Asian Black or African American	32	12

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	6	0
No Race/Ethnicity Reported	0	0

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2021-22.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2021-22

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2021-22. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

• Yes

No teachers prepared in academic year 2021-22

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or <u>clear responses already entered</u>).

CIP Code	Academic Major	Number Prepared

SECTION I: PROGRAM INFORMATION

Program Assurances

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

ТНІ	IS PAGE INCLUDES:	
>>	Program Assurances	<u>s</u>

Program Assurances
Note: This section is preloaded from the prior year's IPRC.
 Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends. Yes
No
Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom. Yes No
Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects. Yes No Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities. Yes No
Prospective general education teachers are prepared to provide instruction to limited English proficient students. Yes No
Prospective general education teachers are prepared to provide instruction to students from low-income families. Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable. Yes No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Our teacher candidates participate in numerous high-quality clinical experiences in diverse settings. We have continued developing close partnerships with our school systems that enable our teacher candidates to develop the knowledge, skills, and professional dispositions necessary to demonstrate positive impact on their P-12 students' learning. We have significantly refined our data management system in further support of these assurances. All of these assurances are integrated in courses and internship(s) and assessed throughout their program and at program completion.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

• Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2021-22)
- >> Review Current Year's Goal (2022-23)
- >> Set Next Year's Goal (2023-24)

Report P	rogress on	Last Year's	Goal	(2021-22)
----------	------------	-------------	------	-----------

1. Did your program prepare teachers in mathematics in 2021-22?

If no, leave remaining questions for 2021-22 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

To increase the number of secondary math education students by at least one.

- 3. Did your program meet the goal?
 - Yes
 - No
- 4. Description of strategies used to achieve goal, if applicable:

Increase by 3. Provided tutoring targeted at math students.

- 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
- 6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2022-23)

8. Describe your goal.

No

To increase the number of secondary math education students by at least one.

Set Next Year's Goal (2023-24)

9. Will your program prepare teachers in mathematics in 2023-24? If no, leave the next question blank.

10. Describe your goal.

to increase the number of secondary math students by at least one.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

9. Will your program prepare teachers in instruction of limited English proficient students in 2023-24? If no, leave the next question blank.

Yes No

10. Describe your goal.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Pass rate
- Scaled score
- Teacher credential assessment

SECTION IV: LOW-PERFORMING

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. (§205(a)(1)(D), §205(a)(1)(E))

Note: This section is preloaded from the prior year's IPRC.

THIS	PAGE INCLU	JDES:		
>> <u>L</u>	ow-Performin	ng		

Ì	Lo	W-	P	e	rf	n	rı	m	in	g
ь				•		•				6

1. Is	your teacher preparation program currently approved or accredited?
	Yes No
lf	yes, please specify the organization(s) that approved or accredited your program:
	State CAEP
	AAQEP
	Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

Yes

No

SECTION V: USE OF TECHNOLOGY

Use of Technology

On this page, review the questions regarding your program's use of technology, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

THIS PAGE INCLUDES:					
Use of Technolog	У				
	Use of Technolog	Use of Technology	Use of Technology		

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program.	Please note that choosing 'yes' indicates that
your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))	

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes
- b. use technology effectively to collect data to improve teaching and learning
 - Yes
- c. use technology effectively to manage data to improve teaching and learning
 - Yes
- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All traditional programs have been aligned with technology standards delineated by the ALSDE and include a course specifically designed to meet these technology standards. Students must design lessons using technology for instruction and assessment as a part of this course. Technology is infused throughout our traditional undergraduate programs so that strategies and methods are modeled. Methods courses, practicum and internship require candidates to utilize technology in their instructional planning and analysis of student learning. The curriculum and instruction classes are created from the perspective that teachers must design instruction considering multiple approaches to meet the needs of diverse learners. Assessment classes also address the use of technology for assisting teachers with monitoring the progress of all students and planning for improvement. Technology is a cross-cutting theme in CAEP and as such is seen throughout the program. Starting in 2019-2020, field experience is managed and assessed using technology exclusively.

SECTION VI: TEACHER TRAINING

Teacher Training

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year's IPRC.

>> Teacher Training

Teacher Training

- 1. Provide a description of the activities that prepare general education teachers to:
 - a. Teach students with disabilities effectively

Students in general education programs are taught a variety of methods and strategies for effectively teaching students with disabilities. Here are a few examples: teaching vocabulary strategies for better reading comprehension; reading intervention strategies; building lessons with particular mock students in mind; utilizing a universal design of learning; building lessons with students' individual needs at the forefront; how to prepare general education students for the addition of a child with special needs; the importance of classroom layout in order to show welcome and respect to the child as well as manage the classroom; placing an emphasis on ability vs. disability; how to build a network of stakeholders to assist the child; the importance of learning via professional readings to understand our role and responsibilities and better understand specific disabilities.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Students are taught that they will be a vital member of the IEP team for students with disabilities in their classroom and a variety of strategies are used to help them understand their role as they participate. For example, sample activities include providing sample scenarios for a team; creating sample scenarios of a child with physical, emotional, cognitive learning need; having actual special education teachers or specialists meet with students as an informational event; holding Zoom sessions with specialists at different schools

c. Effectively teach students who are limited English proficient.

Examples of instructional strategies taught to our general education students to address their future limited English proficiency students in the classroom are as follows: reading vocabulary strategies such as use of pictures, examples, non-examples, and characteristics to describe new words; the value of cognates; the role of code switching in classroom instruction; culturally relevant pedagogical practices; the use of partnerships with parents, teachers, schools, administrators, and community stakeholders; the relevance of household visits; funds of knowledge theoretical model; the adverse effects of deficit thinking paradigm; how to build a teaching community that acknowledges and values cultural diversity; the importance of including minority families in school decisions and in the growth of the school, and in the value and mission of the school; how to create or use free websites that allow teachers to submit online lessons with supplemental resources and links; the value of having periodic workshops in which minority populations can become mentors to other newly arrived culturally diverse parents and families; include activities to determine alternatives for students with limited English proficiency; and activities to determine available resources to assist with creating lessons eith ELL students in mind.

- 2. Does your program prepare special education teachers?
 - Yes
 - No

If yes, provide a description of the activities that prepare special education teachers to:

a. Teach students with disabilities effectively

All special education programs have sequential coursework aligned with special education standards delineated by CEC and the ALSDE. In addition,

methods courses, practicum and internship provide candidates multiple opportunities to collaboratively plan and reflect on lessons that address students with disabilities. Council for Exceptional Children professional practice and ethical standards are addressed in each course to ensure teacher candidates are trained to teach students with disabilities effectively. High leverage practices in special education are incorporated into the coursework and integrated in multiple assignments such as a reading portfolio, mathematics portfolio, lesson planning, the use of differentiated instruction, behavior intervention plans. In addition, specific IRIS center modules that focus on inclusive practices are incorporated throughout the program. During practicums and internship (ESPE 4912, 4913, 4914, 4915, 4924/6924, 6914), teacher candidates have the opportunity to observe and practice evidence-based instructional and behavior management strategies.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Teacher candidates are initially taught to write entire IEPs through the use of case studies in multiple courses (ESPE 4200/6200, 4300/6300, 4040/6040, 4400/6400). Teacher candidates are provided practice with specific elements of an IEP (i.e., how to write standards-based IEP goals and benchmarks, how to interpret assessment data to develop annual goals and benchmarks, etc.). They also compose transition plans and plans for early childhood special education services. Teacher candidates explore the different types of assistive technology and related services for students with disabilities which must be included the IEP. Teacher candidates are taught collaboration skills necessary to participate as an IEP team member and other essential communication skills. During practicums and internship (ESPE 4912, 4913, 4914, 4915, 4924/6924, 6914), teacher candidates have the opportunity to participate in IEP meetings and/or reevaluation meetings. They also have opportunities to glean information from their students that they teach during practicums and internship.

c. Effectively teach students who are limited English proficient.

Teacher candidates learn about different types of diversity, including linguistic diversity, and effective strategies for teaching those populations in ESPE 3760 Survey of Exceptionalities or ESPE 6100 Students with Special Needs. Teacher candidates also complete IRIS Center modules related to diversity in ESPE 3760, 6100, and 6800. Special education teacher candidates complete a series of practicums and an internship that allow for the teaching of students with a wide range of abilities from birth to 12th grade.

Contextual Information
